ON TRACK INITIATIVE (IT STARTS NOW)

- Freshman Year
- Sophomore Year
- Junior Year
- Senior Year

EOF Summer Program

Online Distance Learning

To help with the transition process, all incoming Summer Scholars are required to engage throughout each day in online courses.

- Each course will focus on a different set of skills.
- Each student must complete their work according to their professors timeline.
- We will be doing distance learning therefore we understand that difficulties may arise.

Support Services

- Advising
- Academic Support Programs
- Accessibility Resources
- Tutoring / E-Tutoring
- Math lab
- Writing lab
- CSS – Center for Student Success
- Career Center
- Health Services
- Counseling and Psychological Services

FOUNDATIONS OF STUDENT SUCCESS

- This course is designed to guide incoming first year students through the transition from high school to college.
 - This will involve further developing content knowledge previously covered in secondary schools, reflecting on self-assessments taken, diagnosing learning styles, beginning to develop college-level study and tests-taking skills, and learning the resources available to students on a college campus.
- Each week is a different big idea that focuses on an area of developmental need.
- Students will receive content addressing common themes based off of the ACT Engage Assessment.

RACE, CLASS, AND GENDER

- An interdisciplinary study of culture, race, class, and gender. The course incorporates sources from humanities, visual arts, and social and natural sciences, with systematic response in reading, writing, speaking, and research analysis.
- Students should develop an understanding of the nature of race, ethnicity, gender, sexuality and class and the impact these concepts have upon our lives in the United States.
- Students will begin to demonstrate well-developed, confident identities as good writers and speakers who can communicate clearly and effectively.
- These topics are full, non-remedial topics taught at the pace of a college summer course.
- Students will apply the study and cognitive skills learned from their Foundations of Student Success course

TCNJ
THE COLLEGE OF
NEW JERSEY

Each school consists of...

A Dean, Assistant Dean, and then faculty.

The faculty consist of Department Chairs, Faculty Advisors (Each student will receive a faculty advisor in addition to an EOF Assistant Director) and Professors.

If you would like additional information on your school, you can go to the TCNJ website and type in the school you belong in.

Parent Partnership: How can YOU help?

- Be supportive, not smothering. (Just because they are home does not mean they are available)
- Stay Positive!
- Encourage your student to use campus resources.
- ***Understand your child will have a new role - Their College Success is the New Priority.***
- Expect Change.
- Email the EOF Office, if you have questions.

Student Partnership: How can I help myself?

- Stay Positive - ***Be Patient with the Process***
- Use the campus resources that we provide you.
- Trust yourself.
- Expect Change and be comfortable with being uncomfortable.
- Talk to your Assistant Director (me) if you have any questions.
